As a Friendly Reminder Email

Subject: *Even our invoices are in therapy*

Hi [Client Name],

Our invoice wanted us to let you know... it's in therapy.

It's starting to say things like 'I just don't feel valued anymore.'

When you have a moment, could you help us make it feel appreciated again?

We'd love to keep things running smoothly.

Thanks again for your partnership — we promise to keep the humor coming, not the therapy bills!
